Peter Usborne
Founder and Managing Director

Usborne is a world-leading children's book publisher: an independent, family business which creates engaging, innovative, accessible books for children of all ages. Usborne books are written to appeal directly to children, and are there for every age and stage from newborn baby to young adult. Children can grow with Usborne books.

Usborne books are almost all created by a super-talented team of 35+ editor/writers and over 50 designers who work in-house for Usborne. This makes us different from most other publishers (who usually commission outside authors to write books for them) and allows us to have complete creative control.

We spend as much time as we have to, to get things right. An Usborne book takes as long as it takes — it doesn't leave the building until it's just right. Sometimes that's a long time, but we believe that quality comes from time, care, attention, skill and passion.

We employ the brightest, most creative people and ask them to put kids at the center of everything they do. We ask them to think like kids and experience things like kids, with curiosity and wonder.

As a company we are constantly innovating, looking for new ways to engage children with books and reading – and we're ambitious for our readers. We know children are big thinkers with an insatiable hunger for fascinating facts and new ideas and we want to challenge them with complex topics.

Kira Lynn Publisher

Like so many of you, we at Kane Miller Books are grateful for the heroes whose dedication has meant so much to our families, our neighbors, and our world during this difficult year.

Many of our books this season celebrate heroes: in families in *The Perfect Shelter, A Celebration of Brothers* and *A Celebration of Sisters*; and on the world stage, like Malala Yousafzai and Katherine Johnson, just two of the subjects profiled in our Extraordinary Lives biography series; fictional heroes like *Lightning Girl* Aurora Beam and her family, and Polly the witch and her monster best friend Buster; and stories based on real-life heroes, like basketball star Patty Mills in *Game* 

Day!, dress designer Rose Bertin in Rose's Dress of Dreams, and French hot air balloonist Sophie Blanchard, the inspiration for Sophie Takes to the Sky.

Lots of laughter, inspiration, reassurance, information, and entertainment await you and your customers in the many new books we're offering. The new Product Information pages, found at retailers.kanemiller.com, now include further facts, comments, and tips for promotion. Thank you as always for your support; please feel free to contact us directly with questions or requests.
